The Seashore Multi Gen Floor Plan

Stroll into the Seashore with nearly 2,300 square feet of first-floor coastal-inspired features. Upon entering from a large covered front porch, discover a foyer leading to a spacious drop zone area. Following that you can enter a private Multi Generational suite, which offers a cozy living room and kitchen for your enjoyment. The Multi Generational owner's suite gives you an abundance of space for relaxation and has a full owner's bath within. This space offers a great amount of storage! Just beyond this private suite, you will find a fun card & craft room for your enjoyment. A large, gourmet island in the kitchen offers additional seating and a surplus of counter space for large dinner parties or cooking large meals. The Seashore owner's suite offers an enormous walk-in closet accompanied by a beautiful owner's bath. The second floor adds a bedroom, full bath, walk-in closet, and linen closet alongside a spacious loft area. Use this space as a large guest suite, media room, storage, or recreational room. The Seashore is full of possibilities. Make the Seashore the model you call "home" today!
