The Roseleigh II Floor Plan

The Roseleigh II proves why this layout was a buyer favorite even before the newly revised plan. Now the spacious 3,500 square-foot Roseleigh II home offers more space, with five bedrooms and four full bathrooms. A covered front porch makes this home feel welcoming right from the front door. Inside the home, you will be amazed by the open floorplan connecting the great room, kitchen, and breakfast nook all together. This space is even more luxurious with the added gourmet kitchen island. Additionally, on the first floor is a study, a formal dining room, and a guest suite with an upgraded full bath. The second level offers endless amounts of space for all. An Owner's Suite with dual closets and a spa-like Owner's Bath makes for the perfect space away from the hustle and bustle. Three additional bedrooms and media room means there's enough room for every member of the family to have their own peaceful retreat. **Please call our Online Sales Consultants at 757-550-2617 to learn more!
